

PLEASE READ FOR YOUR SAFETY

Safety hammers are located throughout the vehicle to exit through a window in case of an emergency. If you're not sure, ask the driver.

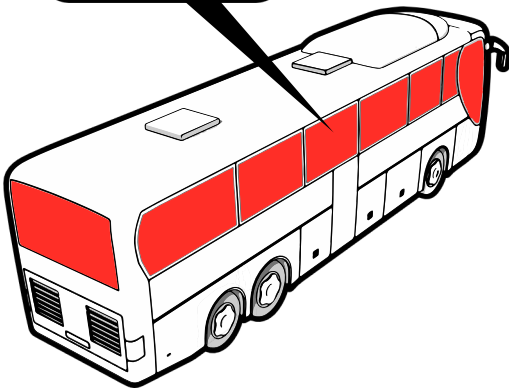

Anything heavy must be kept on the passenger's floor area, and NOT stored in the overhead compartments. Please keep the aisles clear, or ask the driver to stow in the under-floor storage area.

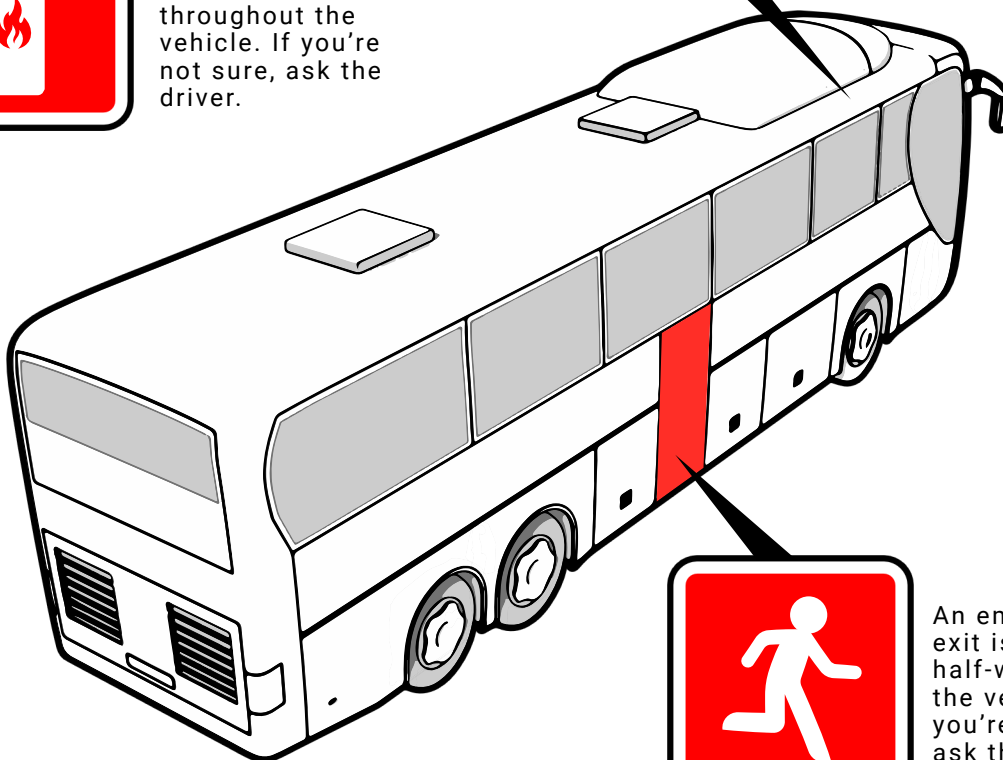

Seat belts must be worn at all times while the vehicle is moving.

First Aid Kits are located in the overhead compartments at the front of the vehicle. If you're not sure, ask the driver.

Please take note where the fire extinguishers are located throughout the vehicle. If you're not sure, ask the driver.

An emergency exit is located half-way down the vehicle. If you're not sure, ask the driver.
